

# Philanthropy of Community Program Services

**Research** - conduct and disseminate formal and innovative studies of the giving of time, talent, and treasure in order increase knowledge and understanding of giving and to create new applications and products that strengthen and grow giving in organizations, institutions, communities, families, and individuals.

**Practice** — provide Education and Training Programs on the giving of time, talent, and treasure that utilize the Philanthropy of Community Toolkit and other products developed to grow horizontal and vertical giving.

**1**

**Policy** — inform and leverage private and public sector policy and practices that value and support the philanthropy “of” community along with philanthropy “for” community.

**A Program of NCGives and the Center of Community Action
